

Triumph Direct Vent Gas Inserts

STYLE. COME TO LIGHT.

# STYLE. FIND YOURS.

With two sizes, and six faces in a variety of colors, our fireplace insert is a triumph of style. Explore a range of inspiring options to create an ambience for your home that's in step with your unique lifestyle needs. So whether you're longing for a sleek contemporary look or you prefer a more classic feel, you'll find the options you've been searching for to update your existing fireplace. And thanks to increased efficiency and exclusive convenience features, you'll find the fireplace insert that performs with style.

Shown on Cover: Floating face in Textured Mocha with Black Porcelain panels and contemporary stone and glass kit

# A TRIUMPH OF STYLE.

Find everything you need to create the fireplace that suits your style.

## Style Shows Its Face to the World

Six distinct faces in two sizes are available, including a Contemporary Rectangular or Arched door, Rustic Rectangular or Arched door, Glass Trim or Floating Face. Match these with a choice of up to three beautiful exterior colors\* for the fireplace that says YOU like no other.

You can keep the style glowing, even when your Triumph insert is not lit, with an illumination kit that makes your room dazzle any time and in any season.

## Style Glows from Within

Choose the traditional style with log set and a choice of three 3D brick liners, or contemporary Black Porcelain panels accented with stone and fireglass. Create your unique blend by adding any of the four optional colors to cast a captivating, iridescent glow.

Rustic Arched door in Textured Mocha with Cottage Red fire brick (shown on large insert)

Contemporary Rectangular door in Brushed Nickel with Black Porcelain panels (shown on medium insert)

Contemporary Arched door in Textured Mocha with Cottage Red firebrick and log set (shown on medium insert)

Distressed Black Copper

Rustic rectangular door in Distressed Buff Pewter with Cottage Red brick (shown on large insert)

Contemporary arched door in Textured Mocha with Tavern Brown brick (shown on medium insert)

# A TRIUMPH OF PERFORMANCE.

## Style Can Be Green

One of the great advantages of this fireplace insert is that it can convert an old, inefficient fireplace into a much more energy-efficient, zone-heating source. With up to 40,000 BTUs of heat-warming energy, you'll add warmth and subtract heating costs.

## Style Can Be Smart

Now you can enjoy the perfect fire at the touch of a button, thanks to our exclusive Total Signature Command® System with touch screen remote. Features like a 30-ft. operating distance and a 3-step variable flame height give you the power to create the perfect ambience from the comfort of your couch, or even the next room. And even if you experience a power outage, you can count on your fireplace to keep your room toasty warm with automatic battery back-up. Learn more about Total Signature Command® on the back cover!

## Safety First

Because our fireplaces were designed to deliver maximum BTUs to provide the best heating solutions for your home, the units will become hot to the touch. Consequently, all Majestic direct vent fireplaces and inserts come standard with a certified safety barrier. The screen barrier, custom made to fit each direct vent model, affixes to your fireplace and has been approved by a third party testing agency to conform to specific standards designed to prevent injury from hot glass.
