

**Majestic Vent Free Gas Logs**  
Beauty. Warmth. Reliability.

# Kentucky Wildwood Vent Free Log Set

When the going gets tough, the tough choose Majestic. Never be without heat again with the Kentucky Wildwood vent free log set. Built to provide up to 37,000 BTU of 99.9% energy efficient heat, even when the power is out, the KW series of vent free log sets add beauty and peace of mind to your home. Easy to install because it requires no venting, the Kentucky Wildwood is available in 3 sizes on the Natural Blaze burner, with millivolt or Signature Command® (IPI) control, and an optional remote control. You'll love the ambience it adds to any space and the reliable heat it provides during those long, relentless winters. With a vent free log set from Majestic, you never have to worry about a winter power outage again!

We recommend installing this log set in a Majestic firebox. Talk with your dealer about your options.

Kentucky Wildwood log set shown in a GRUF vent free firebox
