# ALL OUR MAJESTIC DIRECT VENT GAS FIREPLACES OFFER GREAT FEATURES INCLUDING

## WIDE VIEWING AREAS

Designed to deliver a beautiful flame picture, all of our fireplaces provide an expansive view of the fire that will delight friends and family.

## WARMTH AND COMFORT

No matter which style you choose, you can depend on Majestic fireplaces to deliver ample BTUs to help heat your home for years to come.

## EXCLUSIVE SIGNATURE COMMAND® SYSTEM

Enjoy the ultimate in fireplace control, featuring a touch screen remote\* and 3-step flame height adjustment. With electronic ignition, this system lights the pilot only when you turn it on to help save energy. And, with automatic battery back-up, you can be assured of fireplace operation even if the power goes out.

Look for Total Signature Command® on select models, featuring the exclusive Smart Mode® thermostat for enhanced energy efficiency, rear burner shut down and more!

Learn more about Signature Command® options on the back cover.

## SAFETY FIRST

Because our fireplaces were designed to deliver maximum BTUs to provide the best heating solutions for your home, the units will become hot to the touch. Consequently, all Majestic direct vent fireplaces come standard with a certified safety barrier. The screen barrier affixes to your fireplace and has been approved by a third party testing agency to conform to specific standards designed to prevent injury from hot glass.

# ULTIMATE CONVENIENCE AT YOUR FINGERTIPS

Majestic offers three control systems for our direct vent gas fireplaces.  
Discover the level of control that's right for you!

## EcoLogic® System

The EcoLogic® fireplace control system offers the benefits of an energy efficient intermittent pilot system, with the simplicity of a millivolt valve.

### Featuring:

- Electronic ignition — just flip the wall switch to enjoy your fireplace.
- Pilot selection option — choice of cold climate standing pilot or the energy efficient intermittent pilot
- Memory shut off remembers your favorite setting the next time the fireplace is turned on
- Convenient diagnostic code indication lights
- Built-in remote receiver for the option to easily add a remote control

## Signature Command® System

An A/C adaptor is included; however, unlike competing control systems that require A/C to function, the Signature Command® System can be installed where no power is available, making it more convenient than ever to enjoy the fire.

### Featuring:

- ON/OFF 3-step variable flame height adjustment
- Automatic, uninterrupted battery back-up during power outages
- Pilot selection option — choice of cold climate standing pilot or the energy efficient intermittent pilot
- Memory shut off remembers your favorite setting the next time the fireplace is turned on
- Convenient diagnostic code indication lights
- Built-in remote receiver for the option to easily add a remote control

## Total Signature Command® System

Enjoy the convenience of a technologically advanced and energy efficient fireplace control system! By adding a simple module you can have all the features below\*:

### Featuring:

All of the features included with Signature Command® System

### PLUS:

- Smart Mode® thermostat for enhanced energy efficiency — it automatically adjusts flame height and/or blower to maintain the desired temperature, using only the energy it needs to help save on fuel costs.
- TSFSC Full Function Touch Screen remote control
- Rear burner shut down feature lowers heat output as much as 70% for ambiance when heat is not needed (on select fireplaces)
- A/C accessory model for added control features, like household lighting, waterfall feature, and more!

Remotes and thermostats are available for all models for added convenience.

Touch screen hand held ON/OFF remote. A touch screen remote comes standard with Total Signature Command® models.

Thermostat ON/OFF remote control with 3-step flame height adjustment and 3-step blower control with receiver

\*if equipped with required accessories

Not all control systems available on all models.
