# VRTIKL

Slender & sophisticated. At home uptown, downtown, and everywhere in between. Define your style with distinctive finishing combinations. The VRTIKL takes a whole new approach to functional modern design.

## FEATURES & OPTIONS

- RC300 remote control included standard
- Optional circulating fan available

RC300  
REMOTE CONTROL

## INTELLIFIRE™ IGNITION SYSTEM

The IntelliFire™ Ignition System (IPI) is an advanced intermittent pilot ignition system. IPI constantly monitors ignition, ensures safe functioning and conserves up to \$10/month in energy costs.

## BALANCED FLUE TECHNOLOGY

Balanced Flue fireplaces remove 100% of combustion exhaust and odors outside of the home. These sealed fireplaces provide optimal heat, conserve energy and ensure clean, safe indoor air quality.

Dimensions above are in millimeters. Reference dimensions only. We recommend measuring individual units at installation. NOTE: Combustible material should not be installed over the face. Make sure you do NOT cover the decorative door opening.

Refer to installation manual for detailed specifications on installing this product. Heat & Glo reserves the right to update units periodically. The flame and ember appearance may vary based on the type of fuel burned and the venting configuration used. Pictures in this brochure are not a true representation of the fireplace and/or flames.
