

PALOMA

DIRECT VENT GAS STOVE

HEAT & GLO®

PALOMA

Modern European styling. At home uptown, downtown, and everywhere in between.
The Paloma takes a whole new approach to functional modern design.

SLENDER STANCE The clean lines and slender proportions of the Paloma perfectly suit a variety of spaces. From more intimate areas to open floor plans.

FINISHED YOUR WAY We created the fire. Now it's yours to enjoy. Define your style and comfort with fan, wall switches and remote options.

PALOMA shown with optional rear vent conversion!

STANDARD SAFETY SCREEN Mesh safety barrier screens protect against direct contact with the glass front of the stove. These safety barrier screens help reduce the potential of a serious burn, and are included standard.

REMOTE CONTROL

Operate the Paloma with an added level of function and convenience with an optional wall switch or remote control.

SPECIFICATIONS

| MODEL | WIDTH | HEIGHT | DEPTH | GLASS SIZE | BTU/HOUR INPUT |

See installation manual for more information.

Dimensions in diagrams are in inches and millimeters. Dimensions in table are in inches. Product information is not complete and is subject to change without notice. Product installation must adhere strictly to instructions shipped with product. We recommend measuring individual units at installation.

Refer to installation manual for detailed specifications on installing this product. Heat & Glo reserves the right to update units periodically. The flame and ember appearance may vary based on the type of fuel burned and the venting configuration used. Actual product appearance, including flame, may differ from product images.

TECHNOLOGIES

INTELLIFIRE™ IGNITION SYSTEM

An advanced intermittent pilot ignition system with memory settings, IntelliFire constantly monitors ignition, ensures safe functioning and conserves up to \$10/month in energy costs.

DIRECT VENT TECHNOLOGY

Direct Vent fireplaces remove 100% of combustion exhaust and odors outside of the home. These sealed fireplaces provide optimal heat, conserve energy and ensure clean, safe indoor air quality.

EFFICIENCIES

EnerGuide (CSA P.4.1-15) EnerGuide is a rating used in Canada to measure annual fireplace efficiency.

| RATING | PALOMA |
|--------------------------|------------------------|
| EnerGuide (CSA P.4.1-15) | 70.8 (NG) 71.9 (LP) |
