

Introducing the IntelliFire app
Smart control for the way you live

IntelliFire[®] / **HEAT & GLO**

Control your fire from anywhere

With the IntelliFire® app, monitor your fire from anywhere or have a cozy environment greet you when you walk in the door.

On/off and flame height

Temperature control

Pre-set burn timer

Lights, fan speed and more

Control your fire with your voice

Hands-free convenience is here.
Turn words into actions to create warmth, comfort and ambiance.

IntelliFire is compatible with voice assistants Amazon Alexa and Google Assistant.

Simple

Easy to use

Smart

Voice control

Safe

Monitor from anywhere

IntelliFire app is now available for these fireplaces and fireplace inserts:

PHOENIX

SL-X
