CLEAN FACE TRIM

- Rectangular holes on bottom of access panel should be covered.
- Approved for 0”-4” finishing material on inside fit method
- If finishing materials are 0-1” thick, the outer trim ring should be adjusted out so that the trim ring overlaps the finishing material. This is intended to provide the cleanest look.
- If finishing materials are 1-4” thick, install the trim ring all the way in. Finishing materials may not extend past the outside edge of the trim ring.

FOUR SQUARE FRONT

- Rectangular holes on bottom of access panel must be exposed.
- ONLY approved for 0”-1” finishing material on overlap fit method

ILLUSION FRONT

- Rectangular holes on bottom of access panel must be exposed.
- ONLY approved for 0”-1” finishing material on overlap fit method
