

P43 with optional modern door trim, air grille, trail rider slate inlay and black heat shields with brushed stainless accent and log set

Harman P-Series stoves are a true testament to engineering excellence and heating performance. These customizable units create a striking statement in your living space, blending clean lines and mechanical flair with the elegant design of your home. Multiple sizes allow for seamless integration into any room, while efficiently heating your space.

Key Technologies

ESP Temperature Control an exhaust sensing probe system delivers precise heating control and constantly monitors and adjusts heat output to maintain set room temperatures

PelletPro™ Technology makes it possible to burn any grade of pellet fuel with maximum heat and efficiency. A bottom-up feed system burns each pellet completely and allows for 24-hour heating

EPA Certified be kind to the environment with industry leading technology and high efficiency

Ash Door Inlays

Deer Slate

Trail Riders Slate

For full warranty details, visit www.harmanstoves.com. *See your local authorized Harman dealer for help in determining the product that best suits your heating needs based on climate and home efficiency. **EPA tested input. ***Weighted average LHV (Low Heating Value) efficiency. HHV (High Heat Value) efficiency used to qualify products for Tax Credit beginning in 2021.

Actual product appearance, including flame, may differ from image. Product specifications and pricing subject to change without notice. The images and descriptions in this brochure are provided to assist you in product selection only. Fuel density and pellet shape may affect hopper capacity. BTUs may vary depending on type of fuel used. Refer to installation manual for complete clearance requirements and specifications. Appliance surfaces get extremely HOT and can cause severe burns if touched. Keep a safe distance away. To learn more visit www.harmanstoves.com/fireplacesafety.
