GAS LOG SETS
For Outdoor Fireplaces
How would you like to enjoy a full, flickering fire in your existing outdoor wood-burning fireplace, without any effort and with absolutely no mess? Now you can have it all. The look of a traditional, open-hearth fireplace plus the clean simplicity of gas. A gas log set doesn’t require any change in the appearance or structure of your fireplace. Instead it delivers a realistic fire, at any moment, any day of the year. The Outdoor Fireside Grand Oak log set is sold with a hearth kit, while the Outdoor Fireside Realwood log set requires a hearth kit to be purchased separately.

Outlook Fireside Grand Oak
24" (3-tiered burners)
Specifically designed to fill larger fireplaces, this gas log set easily fills generous hearths.
- 11 authentic-looking logs, molded from real oak timber
- State-of-the-art, tiered burner system creates a multi-level fire
- Hidden controls are easily accessible, won’t detract from the fire’s authenticity, and allow the log set to fit perfectly centered
- Works with two types of burners: Matchlight (NG only) and IntelliFire™ (IPI)
  - Matchlight NG - 86,000 BTU/Hr Input
  - IPI NG - 88,000 BTU/Hr Input
  - IPI LP - 80,000 BTU/Hr Input
- Includes hearth kit

Outdoor Fireside Realwood
18" & 24"
A good look at a great value!
- Eight richly-detailed logs
- Works with two types of burners: Matchlight (NG only) and Safety Pilot
- Hearth kit/burner sold separately

Hearth Kits
Includes grate, burner assembly, sand/vermiculite and glowing ember material.

Matchlight (NG only)
- 18" - 62,000 BTU/Hr Input NG
- 24" - 69,000 BTU/Hr Input NG

Safety Pilot (LP only)
- 18" - 55,000 BTU/Hr Input LP
- 24" - 61,000 BTU/Hr Input LP
