Dimensions are in inches and millimeters. Product information is not complete and is subject to change without notice. Product installation must adhere strictly to instructions shipped with product. We recommend measuring individual units at installation. NOTE: Combustible material should not cover the face. Refer to installation manual for detailed specifications on installing this product. Hearth & Home Technologies reserves the right to update units periodically. Actual product appearance, including flame, may differ from product images.

## GAS INSERT TECHNOLOGIES

### INTELLIFIRE™ TOUCH IGNITION SYSTEM

The IntelliFire Touch™ Ignition System (IFT) is our most advanced intermittent pilot ignition (IPI) system. It constantly monitors ignition, ensures the highest levels of safety, and conserves energy. Includes a touchscreen remote as standard.

### BALANCED FLUE TECHNOLOGY

Balanced Flue fireplaces remove 100% of combustion exhaust and odors outside of the home. These sealed fireplaces provide optimal heat, conserve energy and ensure clean, safe indoor air quality.
