GAS INSERTS

INSPIRED INNOVATION. You don’t have to sacrifice the warmth and glow of a wood burning fireplace for the simplicity and ease of gas. No more drafty, dated fireplace with messy maintenance, soot and smoke. Heat & Glo gas inserts fit inside an existing masonry or manufactured wood burning fireplace, providing an instant upgrade. Warm up to greater performance, safety and convenience.

FIRE MADE EASY

ESCAPE-30 Firebrick® shown with Chateau Forge front
AN INSTANT UPGRADE

BEFORE

AFTER

NO MESS. NO HASSLE.
ESCAPE
STANDARD FEATURES
• 30” and 35” viewing areas
• Up to 40,000 BTUs
• IntelliFire™ Touch ignition system with advanced remote control
• Six hand-painted oak-style logs
• Anti-reflective glass
• ClearVue™ screen
• Patented FireBrick® seamless interior
• Five front designs
• Three surround sizes
• Illuminated ember bed
• Fan

SUPREME
STANDARD FEATURES
• 25”, 30” and 35” viewing areas
• Up to 35,000 BTUs
• IntelliFire Touch ignition system with advanced remote control
• Ceramic glass with basic screen
• Ceramic fiber logs:
  – Five logs for 25” and 30” inserts
  – Six logs for 35” insert
• Three front designs*
• Three surround sizes
• Fan
OPTIONAL FEATURES
• Interior panels
• Accent Lighting (30” and 35” only)

PROVIDENT
STANDARD FEATURES
• 30” and 35” viewing areas
• Up to 32,700 BTUs
• IntelliFire ignition system
• Ceramic glass with basic screen
• Four ceramic fiber logs
• One front design*
• Three surround sizes
OPTIONAL FEATURES:
• Interior panels
• Remote
• Fan

*Inside fit front available for use with custom surrounds that are smaller than a standard overlap door
THREE EASY STEPS TO UPGRADE YOUR EXISTING WOOD-BURNING FIREPLACE:

STEP 1: MEASURE YOUR EXISTING FIREPLACE AND SELECT YOUR INSERT.
The height, width and depth of the existing fireplace opening is needed to ensure selection of an appropriately-sized insert:

A. Fireplace front width
B. Fireplace front height
C. Fireplace back width
D. Fireplace depth
E. Hearth to mantel height

If you have a manufactured wood burning fireplace, measure from the inside of the fireplace opening, not the outside trim.

STEP 2: SELECT YOUR FRONT AND SURROUND
Personalize your gas insert with a front and finish that fits your style. Include a surround to fill the gap between the gas insert and existing fireplace opening. Choose from three sizes and three finishes for a unique look.

<table>

</tr>
</tbody>
</table>

*Inside fit front available for use with custom surrounds that are smaller than a standard overlap door

STEP 3: SELECT YOUR OPTIONS
Choose from our collection of fronts, interior panels, interior media to put the finishing touches on your insert.
FRONT OPTIONS

**BEST** ESCAPE

- CHATEAU FORGE: Available in hand-crafted, hammered steel.
- GALLERIA: Available in black, new bronze or graphite.
- HALSTON: Available in black, new bronze or graphite.
- IRON AGE: Available in black, new bronze or graphite.
- FIRESCREEN: Available in black, new bronze or graphite.

**BETTER** SUPREME

- HALSTON ARCH: Available black, new bronze or graphite.
- IRON AGE: Available in black, new bronze or graphite.
- FIRESCREEN: Available in black, new bronze, graphite or gray.

**GOOD** PROVIDENT

- FIRESCREEN: Available in black, new bronze, graphite or gray.

**TRANSITIONAL OR MODERN** COSMO

- HALSTON ARCH: Available black, new bronze or graphite.
- IRON AGE: Available in black, new bronze or graphite.
- FIRESCREEN: Available in black, new bronze, graphite or gray.

**INSIDE FIT**

Available in black for Supreme, Provident and COSMO for installations that require a front smaller than a standard overlap door.
INTERIORS

ESCAPE
- FIREBRICK SEAMLESS INTERIOR (Standard)

SUPREME AND PROVIDENT
- BLACK METAL (Standard)
- STRATFORD TEXTURED BRICK (Optional upgrade on Supreme and Provident)
- TRANQUIL GREIGE HERRINGBONE BRICK (Optional upgrade on Supreme)
- REFLECTIVE BLACK GLASS (Optional upgrade on Supreme)

COSMO
- FLUTED BLACK GLASS (Standard)
- REFLECTIVE BLACK GLASS (Optional)

COSMO INTERIOR OPTIONS
Customize your fire. Each distinctive option highlights the flames differently. Glass media required for installation.

- CLEAR GLASS
- EBONY GLASS
- AMBER GLASS
- COBALT GLASS
- SCARLET GLASS
- ICED FOG GLASS
- CERAMIC RIVER ROCK STONES (Optional)
- DRIFTWOOD LOGS (Optional)

CONTROLS
ESCAPE, SUPREME AND COSMO: INTELLIFIRE TOUCH RC400 TOUCHSCREEN REMOTE CONTROL
Features: on/off, flame height adjustment, fan speed, lights adjustment, thermostat mode, room temperature readout, child lock, timer mode, battery backup, cold climate mode and wall docking station.

-INTELLIFIRE TOUCH RC150 WALL SWITCH
Features: on/off, battery strength indicator, battery backup and cold climate mode.

- PROVIDENT: SMARTREMOTE (Optional)
Features: on/off, timer mode, thermostat mode, room temperature readout

TERMINATION CAPS
A termination cap finishes your gas insert with a clean, upscale look. These durable caps also protect venting components and ensure safe exhaust flow.

- ROUND CAP
Available in black or copper finish

- SQUARE CAP

COSMO-35 metal insert shown with Halston Arch front in bronze, fluted glass interior and glass media

ESCAPE-30 Firebrick insert shown with Galleria front in bronze

SUPREME-25 metal insert shown with Iron Age front in black and Tranquil Greige herringbone interior

Provident-30 metal insert shown with Firescreen front in black and metal interior

GAS INSERTS
TECHNOLOGIES

INTELLIFIRE TOUCH IGNITION SYSTEM
IntelliFire Touch is the most advanced and intuitive IntelliFire system, making operating your fireplace simple, smart and safe.

INTELLIFIRE IGNITION SYSTEM (IPI)
IntelliFire features intermittent-pilot ignition (IPI) allowing you to conserve fuel and money when the fireplace is not in use.

DIRECT VENT TECHNOLOGY
Direct Vent gas inserts remove 100% of combustion exhaust and fumes to the outside of the home. These sealed fireplaces provide optimal heat, conserve energy and ensure clean, safe indoor air quality.

FIREBRICK TECHNOLOGY
Available on Escape inserts, FireBrick is a patented, energy-saving ceramic material molded in an authentic masonry design. FireBrick produces up to 25% more radiant heat than metal fireboxes—heating rooms faster and using less fuel. This increases efficiency and reduces heating costs. A unique ceramic composition is at the core of the FireBrick innovation.

Dimensions above are in inches. Reference dimensions only. We recommend measuring individual units at installation. NOTE: Combustible material should not be installed over the face. Make sure you do NOT cover the decorative door opening. Refer to installation manual for detailed specifications on installing this product. Heat & Glo reserves the right to update units periodically. The flame and ember appearance may vary based on the type of fuel burned and the venting configuration used. Pictures in this brochure are not a true representation of the fireplace and/or flames.
LIMITED LIFETIME WARRANTY

The strongest in the industry, Heat & Glo® provides a limited lifetime warranty on the most important aspects: firebox and heat exchanger.

For full warranty details, go to www.heatnglo.com.

Fireplace glass and other surfaces get extremely HOT and can cause severe burns if touched. Do not remove the protective safety screen from the front of the glass. Keep a safe distance away. To learn more visit www.heatnglo.com/fireplacesafety.
