Rave Series

Direct Vent Gas Fireplace
The Rave adds a modern linear style and proven value to any home or office. Contemporary design elements are highlighted by a long, mesmerizing ribbon of flame rising through attractive modern media. Explore unique placements and create a custom look with a choice of finishing options. With unsurpassed dependability and exceptional value, the Rave gas fireplace series is another way Heatilator has been keeping America warm since 1927.
## Features
- 32", 36" or 42" wide viewing area
- Moderate heat output—up to 25,250 BTUs
- Multiple interior finishing options
- Convex or flat front options
- Enhanced safety with the IntelliFire Touch® ignition system
- Optional heat management solution kits are available that redirect heat to another area of the home, including Passive Heat and SmartWall™ TV kit that allows for a TV to be placed just 12" from the fireplace¹

## Options
### Fronts
- Clean face trim available in black or bronze (bronze available for 42" only)
- Illusion top view

### Front Finishes
- Illusion available in black only
- Black
- Bronze

## Interiors
- LED accent lighting
- Fade-resistant reflective black glass interior panels
- Multicolored ceramic fiber stones
- Crystal glass
- Black glass

## Controls
- **IntelliFire Touch Touchscreen Remote Control**
  - Features: on/off, flame height adjustment, fan speed, thermostat mode, room temperature readout, child lock, timer mode, battery backup, cold climate mode, power vent, wall docking station

- **IntelliFire Touch Wireless Wall Switch**
  - Features: on/off, battery backup, cold climate mode, battery strength indicator

## Technology
### IntelliFire Touch Ignition System
IntelliFire Touch is the most advanced and intuitive IntelliFire system, making operating your fireplace simple, smart and safe. Select the wireless wall switch or touchscreen remote control for the solution that fits your life.

### Direct Vent Technology
Direct Vent fireplaces remove 100% of combustion exhaust and odors outside of the home. These sealed fireplaces provide optimal heat, conserve energy and ensure clean, safe indoor air quality. To learn more, visit heatilator.com.

### Heat Management Solutions
Bring the warmth from your fireplace to the rest of your home, up to 20 feet away. Heat management solutions can redirect up to 50% of the heat to another area, and reduce wall temperatures above the fireplace. Choose between:
- **Passive Heat kit** to allow heat to naturally rise and disperse at ceiling height without the use of a fan
- **SmartWall kit** to allow installation of a TV 12" above the fireplace with no mantel required¹
- **Heat-Zone® kit** to transfer heat where you want it
- **Heat-Out® kit** to redirect heat from the fireplace outside the home
- **Optional Fan** to move heat directly into the room for added comfort

### Exceptional Value + Dependability

Why do contractors, architects and homebuyers trust Heatilator? Because we mix value with dependability. Established in 1927, Heatilator has built a long standing reputation for providing quality, dependable hearth products at unbeatable values. Today, Heatilator remains the most preferred, recommended and installed fireplace brand among building professionals.
