PF100 PELLET FURNACE

Powerful, Reliable Heating

The PF100 is a powerful pellet furnace. Advanced technology automatically monitors heat levels for hassle-free operation, while a large ash door and extra large ash pan offer easy maintenance. Distinctive features like a wall-mounted temperature control and a BioFuel Bulk Hopper option add convenience and ease to home heating.

Harman PelletPro™ and ESP technology help the PF100 burn any grade of pellet with even heat and precision control. Just set the desired temperature, fill the massive 160lb hopper, and relax. The unit will automatically ignite and maintain consistent temperatures within 1 degree.

Dual heat exchangers

extract maximum heat and increase efficiency.

Tube Heat Exchangers

Accordion Heat Exchangers

Features

- 112,000 BTUs—Heats 2,500 to 6,500 square feet¹
- 160lb hopper capacity
- 89% efficiency
- PelletPro™ Feed System
- ESP Technology
- Direct vent
- Automatic Ignition
- Dual heat exchangers
- Wall-mounted temperature control with low fuel indicator

Extra Large Ash Pan

Wall-Mounted Temperature Control

Options

- 1450 CFM blower; 1000 CFM 3-speed blower; or 1638 CFM 4-speed blower²
- Outside air kit
- BioFuel Bulk Hopper

ESP Technology

LIMITED LIFETIME WARRANTY³

The strongest in the industry, Harman provides a limited lifetime warranty on most important aspects: firebox and heat exchanger.

¹ See your local authorized Harman dealer for help in determining the product that best suits your heating needs based on climate and home efficiency.

² Sold separately and is required for installation.

³ For full warranty details, visit www.harmanstoves.com

Actual product appearance, including flame, may differ from image. Product specifications and pricing subject to change without notice. Tested to: CAN/CSA B366.10-M91, UL 391, ASTM E1509-95, ULC C1482-M1990. The images and descriptions in this brochure are provided to assist you in product selection only. Refer to installation manual for complete clearance requirements and specifications. Fireplace, stove and insert surfaces get extremely HOT and can cause severe burns if touched. Keep a safe distance away. To learn more visit www.harmanstoves.com/fireplacesafety
