

Outdoor Fireplaces & Firepits

Add some ambience
to your outdoor
living room

outdoor
lifestyles
by hearth & home technologies®

Living rooms aren't what they used to be. Outdoor Lifestyles by Hearth & Home Technologies discards the stale notion that "living space" must be contained within the walls of your home. Our innovative products make it easy to extend the living and entertaining space into the backyard, deck or patio. You might even think of it as adding a new room to your house: the outdoor living room.

When it's time to transform your home's outdoor space, think

Outdoor Lifestyles by Hearth & Home Technologies.

Carolina Outdoor Gas Fireplace

Fully featured and ready for a custom finish, this product is easy to install, burns beautifully, and has a compact footprint for almost any patio, deck, or veranda. Whether building a new home or remodeling your current home, this unit is versatile enough to fit into your plan.

- Fully featured 36" (critical for small patios and decks) and 42" fireplace
- FireBrick™ Technology—25% more radiant heat than metal
- IntelliFire Plus Ignition System
- Approved for use in screened porches, gazebos and lanais†
- Comes standard with stainless steel screens and grate
- Weather resistant gas logs
- UL listed
- Carolina 36" Btu/Hr Input: 55,000 (NG), 50,000 (LP)
Carolina 42" Btu/Hr Input: 65,000 (NG), 62,000 (LP)

Optional Features

- Beautiful, stainless steel screen doors in bronze finish. No more glass to clean or break.
- RC100 or RC200 Control

Carolina Doors

† See back of brochure for important installation information

IntelliFire™ Plus Control Options

The IntelliFire Plus Ignition System is an "intelligent" control system providing energy conservation and the comfort of a roaring fire...all at your fingertips! IntelliFire Plus features intermittent-pilot-ignition (IPI) allowing you to conserve fuel and money when the fireplace is not in use. Optional constant pilot mode – allows you to leave the pilot flame on in cold climates. In addition, the system offers seamless transition from AC to battery backup in a power outage, as well as built-in safety features and memory settings. Our family of IntelliFire Plus Wireless Controls provides stylish and ergonomic controls with the features and benefits homeowners desire.

IntelliFire Plus RC200* is specifically designed for use with our new IntelliFire Plus ignition system. It is easy-to-use, stylish and ergonomic in design. And, since it is a wireless control, it has the flexibility for wall placement in the room, or use as a remote only.

Features: Auto Battery Backup, Pilot Activation, On/Off, 5-Step Flame Height, Fan Speed (not available on this unit), Child Lock

IntelliFire Plus RC100* is designed specially for fireplaces with IntelliFire Plus, our state-of-the-art intermittent pilot ignition system.

Features: On/Off

*Must be used under weather resistant cover

Twilight II Indoor/Outdoor Gas Fireplace

Twilight II (Indoor Side) shown with Firescreen Front and Carriage Hill companions in black.

Twilight II Indoor/Outdoor Gas Fireplace

The Twilight is the world's first indoor/outdoor see-through fireplace. Add the warmth and beauty of a clean-burning fireplace to two living spaces at once. Unique see-through design simultaneously functions inside and out. Innovative design meets both gas fireplace and window standards.
