STOVES

Direct Vent Gas Stoves

GAS STOVES

Beautiful, Convenient Innovations

Heat & Glo gas stoves feature innovations in technology, design and safety. Unique designs offer easy installation and powerful, efficient heating to fill any space, from a cold basement to a drafty porch or living area.

Enhance your space with style and warmth. Heat & Glo gas stoves are the ideal solution.

Cover: Tiara I in espresso finish

Top: Paloma black with bronze glass front and hearth pad

GAS STOVES

PALOMA

The smart, sophisticated Paloma artfully blends European styling with advanced engineering. Its slender proportions and sleek lines perfectly suit more intimate spaces. Add serious style—and heating power—to your favorite space with this innovative Direct Vent gas stove.

Paloma shown above with curved glass front and optional hearth pad in bronze.

TIARA I

The Tiara I gas stove supplements moderately-sized areas with powerful, efficient heating. Beautifully-detailed cast iron framework and gorgeous flames deliver an attractive accent in any room. Choose from three different colors to match your décor.

Tiara I shown above in espresso.

TIARA II

The Tiara II is ideal for heating larger spaces. Sturdy, cast iron craftsmanship and intense flames add style and ambiance to any room. Compliment or accent your décor with detailed casting in three colors.

Tiara II shown above in espresso with optional warming shelves.

TIARA PETITE

The Tiara Petite is the smallest Heat & Glo gas stove available. This compact unit utilizes high-efficiency performance and Direct Vent technology to quickly heat smaller spaces. Innovative venting options help place the Tiara Petite in more spaces.

Tiara Petite shown above in matte black.

GAS STOVES

PALOMA FEATURES

- Unique, 41" vertical stove design
- Tall, slender flame with modern rock firebed
- Safe indoor air quality with Direct Vent Technology
- Conserves energy and operates during a power outage with the IntelliFire™ Ignition System

TIARA I FEATURES

- 18" glass panel viewing area
- Detailed cast iron construction
- Safe indoor air quality with Direct Vent Technology
- Conserves energy and operates during a power outage with the IntelliFire™ Plus Ignition System

TIARA II FEATURES

- 24" glass panel viewing area
- Detailed cast iron construction
- Safe indoor air quality with Direct Vent Technology
- Detailed brick interior
- Conserves energy and operates during a power outage with the IntelliFire™ Ignition System

TIARA PETITE FEATURES

- 13" glass panel viewing area
- Detailed cast iron construction
- Safe indoor air quality with Direct Vent Technology
- Conserves energy and operates during a power outage with the IntelliFire™ Ignition System

INTELLIFIRE™

Our exclusive, state-of-the-art, "green friendly" IntelliFire ignition system reduces gas consumption and thermogenerator wear by providing a pilot flame only when needed. It also supplies a back-up battery system to run the fireplace during a power outage.

To learn more about IntelliFire Technology, visit heatnglo.com.

INTELLIFIRE PLUS IGNITION SYSTEM

The IntelliFire™ Plus Ignition System (IPI Plus) is an advanced intermittent pilot ignition system with memory settings and a programmable wireless control. IPI Plus constantly monitors ignition, ensures safe functioning and conserves up to \$10/month in energy costs.

To learn more about IntelliFire Technology, visit heatnglo.com.

DIRECT VENT TECHNOLOGY

Direct Vent fireplaces remove 100% of combustion exhaust and odors outside of the home. These sealed fireplaces provide optimal heat, conserve energy and ensure clean, safe indoor air quality.

To learn more about Direct Vent Technology, visit heatnglo.com.

GAS STOVE EFFICIENCIES

U.S. EFFICIENCIES

Steady State - Since most homeowners use their fireplaces for an extended time while they are in the room, Steady State measures how efficiently your fireplace converts fuel to heat once it is warmed up and running in a "steady state".

AFUE - AFUE rating is more typically used with appliances, like your furnace, that continually cycle on and off to maintain a constant temperature.

RATING	PALOMA	TIARA I	TIARA II	TIARA PETITE
Steady State	69.6 (NG), 71.4 (LP)	70.8 (NG), 71.3 (LP)	70.3 (NG), 68.9 (LP)	63.1 (NG), 63.1 (LP)
AFUE	67.4 (NG), 69.1 (LP)	69.0 (NG), 69.0 (LP)	68.1 (NG), 66.8 (LP)	61.1 (NG), 61.1 (LP)

CANADA EFFICIENCIES

EnerGuide (CSA P.4.1-02) - EnerGuide is a rating used in Canada to measure annual fireplace efficiency.

RATING	PALOMA	TIARA I	TIARA II	TIARA PETITE
EnerGuide (CSA P.4.1-02)	70.8 (NG), 71.9 (LP)	76.2 (NG), 76.9 (LP)	69.7 (NG), 68.8 (LP)	61.8 (NG), 62.2 (LP)
