

The Top 10 Reasons *you* should buy the Harman® Accentra 52i Pellet Insert

1 Keeps you perfectly warm

The 52i constantly adjusts its flame to keep your home within 1 degree of your desired set temperature.

2 Powerful, even heat - guaranteed!

The 52i easily heats larger spaces with its powerful 52,000 BTU's.

3 Saves you money—more heat with less fuel

52,000 BTU's and 85% efficiency gives you the most heat out of your fuel.

85%

Efficiency

4 Quickest and easiest pellet insert to maintain

The 52i takes HALF the time of the nearest competitor.

5 True 24-hour heating

You do not have to extinguish the fire to perform basic maintenance on the 52i.

6 More time enjoying your home, less time filling the hopper

The large 64lb hopper allows up to 55 hours of heat on a single load of pellets.

7 Burns any grade of pellet with optimal efficiency

Patented Pellet Pro Technology burns from the bottom up, burning each piece of fuel completely, then automatically drops the ashes into the ash pan.

8 Harman craftsmanship and distinctive features

Premium castings, optional porcelain finish and flame-reactive mirrored glass make the 52i the perfect showpiece to accent your home.

9 Support USA-made products

The 52i was designed, engineered and assembled in the USA.

10 Built to a Standard, Not a Price!

The 52i adheres to Harman's uncompromising commitment to quality.
