Scan me with your smart phone for IntelliFire app Setup and Help Videos.

The IntelliFire logo, featuring the brand name in a white sans-serif font with a stylized flame icon above the letter 'i' in 'Fire'. The logo is set against a background of a glowing fireplace with burning logs and a stone hearth.

IntelliFire®

App Quick Start Guide

1. Get the IntelliFire App

Create a new IntelliFire account, and log in.

2. Connect your Fireplace

Follow the onscreen prompts to add your location and connect to the Intellifire_XXXX network via Wi-Fi.

3. Connect your Wi-Fi

Following the prompts, connect your home Wi-Fi network and name the appliance.

The first audible beep confirms WiFi information was sent to the fireplace. The second audible beep confirms your fireplace is connected to your home network and the IntelliFire cloud.
