

## Firescreen, Iron Age, Chateau Forge Decorative Fronts for CERONA-IFT Models: FS-C36, FS-C42, IA-C36, IA-C42, CHAF-C36, CHAF-C42

### Installation Instructions

Leave this manual with party responsible for use and operation.

**CAUTION! Risk of Cuts, Abrasions or Flying Debris.**  
Wear protective gloves and safety glasses during installation. Sheet metal edges are sharp.

**CAUTION! Do not install damaged components.**

**DANGER**

**HOT GLASS WILL  
CAUSE BURNS.**

**DO NOT TOUCH GLASS  
UNTIL COOLED.**

**NEVER ALLOW CHILDREN  
TO TOUCH GLASS.**

A barrier designed to reduce the risk of burns from the hot viewing glass is provided with this appliance and shall be installed for the protection of children and other at-risk individuals.

### Installation

1. Remove decorative front from packaging.
2. The J-hooks are bent inward for protection during shipping. Bend the J-hooks outward 90° so they are positioned parallel to the sides of the front. See Figure 1.

Figure 1 Bending J-Hooks

3. Remove the Finishing Templates (if installed) from the appliance. The finishing templates are included with the appliance to ensure finishing material does not prevent proper fitment of the front.
4. Locate the two vertical slots in the left and right columns of the appliance. Grasp the top left and right side of the front and engage the J-hooks into the slots. See Figure 2.

**Figure 2 Front Installation**

### **Cleaning Instructions for Doors**

Use a microfiber cloth and Windex® Original Glass Cleaner or 36M003 Stove Bright® Glass Cleaner to clean the door immediately after installation to remove acids deposited by the installer or technician. Spray the cleaner onto the microfiber cloth and carefully wipe the entire surface. The door should be cleaned in this manner annually by the homeowner to remove fingerprints or other contaminants. Once oxidations of the paint pigment has occurred, cleaning will not restore the original color.
