

MEDIA-CP, MEDIA-CY, MEDIA-GT, MEDIA-SM
- Installation Instructions -

Leave this instruction with party responsible for use and operation.

WARNING! Choking Hazard! Keep media out of reach of children.

CAUTION! Risk of Burns! The appliance should be turned off and cooled before media is installed.

CAUTION! Risk of Cuts, Abrasions or Flying Debris. Wear protective gloves and safety glasses during installation. Sheet metal edges are sharp.

Cleaning the Media

During shipment of the media, dust and debris can accumulate. Although it is not required, it is permissible to rinse the media thoroughly with water to remove dust and small particles. An easy method to clean the media is to place the media into a pail and rinse thoroughly. Spread the media out over paper towels and allow the media to dry before installing them into the appliance.

WARNING! Risk of Explosion! DO NOT place media directly in front of the pilot assembly. Delayed ignition could occur. **DO NOT** allow any pieces of media to fall into the area in front of the pilot.

WARNING! Risk of Explosion! DO NOT place media between end of burner and pilot. Delayed ignition could occur. Use the media placement jigs provided with appliance or contemporary conversion kit.

Installing the Media

For media placement and amount, refer to the appliance installation manual, because installation varies by appliance model and gas type.
